MAY 2010

macarthur FUTURE FOOD forum

**WORKING FOR
HEALTHY FOOD FOR ALL AND
A SUSTAINABLE FOOD SUPPLY**

Are you worried about:

- ▣ Where your food comes from?
- ▣ Sydney's food producing land being lost to housing?
- ▣ Healthy food being affordable for everyone?
- ▣ Sustainable agriculture?

Would you like to meet other people who are concerned about these issues?

Supporting local food access projects

Some people in Macarthur are food insecure. This means that they may run out of food and do not have money to buy more, eat poor quality food, have very limited food choices or constantly worry about not being able to feed their family

Who we are:

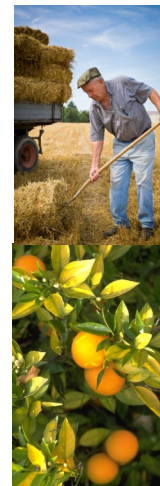

The Macarthur Future Food Forum members include community members and local agencies who are concerned about a healthy food supply and fair access to food for everyone

Who is involved?

- ▣ Local residents
- ▣ Community organizations
- ▣ Government organizations
- ▣ Farmers & food producers
- ▣ Charity & church groups

What we do:

- ▣ Support local food access projects
- ▣ Lobby to protect our local agriculture
- ▣ Work with others in the region on food issues
- ▣ Stalls at community events
- ▣ Lobbying for a healthy and sustainable food supply

Food Action is needed:

In the lead up to the Sydney Food Fairness Alliance 'Food Summit' in 2009 the Macarthur Future Food Forum held a regional workshop to hear from the community about the food issues in this area

Issues discussed at the workshop included:

- ▣ **Access to Healthy Food**
- ▣ **Planning for Healthy Food**
- ▣ **Sustainable Agriculture**
- ▣ **Food Safety and Health**

Participants discuss the local issues at the workshop held in September 2009
