

“Brief Solution Focussed Therapy in the Real World”

2 day workshop with Dr Steven Walker, Brief Therapy Solutions

Utilizing discussion, presentation and role play, the workshop will cover the development and theories behind BSFT as well as the model in practice. In addition recent research will be explored on participants experiences, the approach used in family services and feedback on:

- What works?
- What elements are useful?
- What clients take with them and what they actually seem to use?

Participants will explore:

- The approach of BSFT
- Application and approach
- The limitations of using BSFT
- Where BSFT fits in regarding the field of counselling and research

Cost: Please contact Sector Connect for current fees

Please note that to run this 2 day workshop there MUST be a minimum of 15 participants registered.

A late cancellation fee applies and will vary between 7, 14 and 21 days notice
