Links to Learning operates three days a week over eight weeks (currently Wednesdays, Thursdays and Fridays) out of the downstairs training room at the YWCA located in Picton. As a part of the program the students will attain a nationally accredited Certificate 1 in Retail Services, as well as attend classes on interview skills, resume writing and more. Fridays are the program's outing day. Past outings have included rock climbing and visits to the Sydney Aquarium and all activities are COMPLETELY FREE TO STUDENTS! Links to Learning is specifically designed to reengage young people with education as well as help them explore vocational and further educational pathways. Links to Learning is funded by the Department of Education and Training and administered by the Minister for Education and Training and brought to you by the YWCA Campbelltown and Picton.

We teach structured exercises and dances suitable for girls from 3 to women of all ages and boys 5-9 years (first time since 1962). We think the answer to todays fitness problems is to join a BJP Club in your district for fun, fitness and competitive sport. The program includes standing floor exercises, aerobic type warm-ups, ballet and dance - all choreographed to develop strength, grace, confidence, coordination and flexibility. This in turn teaches the relationships of music to movement, rhythm, self-discipline, composition, balance and musical interpretation. "No experience is necessary, there are no age limits and you don't have to be a perfect size 8 to enjoy Physie." So if you're interested in getting fit or in helping your girls get a good, healthy start in a fulfilled environment, without breaking the budget, we are the club for you. Our Club has been around for over 40 years and is proud of our track record. All new members receive 1 free lesson.

The club is affiliated with the Orienteering Association of NSW which is linked through a national body to a world federation. The aim of orienteering is to navigate your way as quickly as possible around a cross-country course locating various checkpoints, called 'controls', using a detailed map and a compass. Events are held on a regular basis in areas such as state forests, crown land, parks and private property. Orienteering is a family sport, catering for competitors of all ages, skill and fitness levels. Children are especially catered for by having very simple courses available. There are always friendly, helpful people ready to give assistance to newcomers. Special gear is not required to start orienteering; joggers are adequate footwear. Compasses can generally be hired at events. Please visit the SHOO website for more information on the club, including the calendar of events.
